

LIFEWORKS VS. HOME HEALTH:  
Make the Smartest Choice.

**LifeWorks** Rehab

## 7 QUESTIONS TO CONSIDER WHEN CHOOSING WHERE TO RECOVER

---

- 1 How much therapy and nursing care will I need to achieve my recovery goals?
- 2 Will I have access to the best therapy equipment and recovery tools?
- 3 What measures will be taken to protect me against the spread of illness?
- 4 Am I comfortable with the risk that inviting various home health representatives into my home will pose?
- 5 What is my risk for a hospital re-admission based on the severity of my illness or injury?
- 6 Can my family devote 24 hours a day to my recovery? Do they have the necessary skills to do so safely and effectively?
- 7 Will I be able to bathe, dress, and cook for myself?

---

We provide patients with **exceptional recovery experiences you will not find at home or anywhere else.**

---

It's natural to want to get back home from the hospital as quickly as possible after a surgery, injury or illness. But often, making an optimal recovery requires more focus, tools, and specialized attention than home recovery can provide. **Our 8 unique differences power exceptional recoveries backed by nearly 50 years of rehabilitation experience.**

### LIFEWORKS REHAB: *strength in numbers*

	LifeWorks Rehab	Home Health
Avg. hours per week in supervised therapy	<b>10-12+</b>	<b>Just 3 hours</b>
Medicare beneficiaries who choose inpatient care for their post-acute recovery	<b>52%</b>	<b>Only 37%</b>
Number of days after discharge from hospital that rehab begins	<b>1</b>	<b>4-10 days</b>

### WORLD-CLASS DISINFECTING TECHNOLOGY

- Unique and highly effective Electrostatic Spraying System
- Significantly more effective than typical industry disinfecting procedures
- Widespread sanitizing and disinfecting by surrounding all surfaces
- Cleaning component Noroxycdiff\* — Manufacturer label claims efficacy against family of coronaviruses

*\*Included on EPA list for use against SARS Co-V2*

If these people don't live with you,  
**you may want to think twice  
about home recovery.**

## WHAT LIFEWORKS REHAB GRADUATES SAY ABOUT THE CARE THEY RECEIVED

### TRAUMATIC INJURY RECOVERY

"I had been through home therapy in the past and thought it was **very much inferior to the LifeWorks Rehab program**. There's no comparison as far as I'm concerned; the LifeWorks Rehab therapy is so much more focused and effective." – **Yhome Murphy**

### HIP INJURY RECOVERY

"Having been through physical therapy at home before, I knew that it wasn't a good option for me after my hip surgery. **I needed much more assistance, and needed a higher level of care** than I could get at home on my own." – **Steve Miller**

### STROKE RECOVERY

"Martha's stroke was totally out of the blue – all of a sudden I had to make big decisions for her recovery. LifeWorks Rehab was amazing – they were **there for both of us every step of the way**. Having her back home is just a miracle." – **John Parrott (Martha's husband)**
